Dear Mr. Wesolowski :

This is to confirm your reception of WPRE AM on 980 Kc/s on Sunday November 28, 1976 between 2;54 and 4;00 pm CST.

I have ckecked the logs and records of the Packer game and your log checks with ours even to the goof up by the originating packer network boys when you heard the dead air.

We are 1 kw daytime and the skip seems to start rather early in the winter time as your reception letter indicates. This is about the third or four" letter of reception" we have gotten from Omaha, Neb.

very truly yours,
